DC Doom Patrol

Full series drop on ITVX on Thursday 14th November

ITVX

This series re-imagines one of DC's most beloved superhero groups: Robotman, Negative Man, Elasti-Woman, Crazy Jane and latter-day mad scientist Niles Caulder.

Each member of the Doom Patrol - Cliff Steele (played by series star Brendan Fraser), Larry Trainor (Matt Bomer), Rita Farr (April Bowlby) and Crazy Jane (Diane Guerrero) - suffered a horrible accident that gave them superhuman abilities but also left them scarred and disfigured.

Traumatized and downtrodden, the team found their purpose through Niles Caulder, aka The Chief, (Timothy Dalton) coming together to investigate the weirdest phenomena in existence - following the mysterious disappearance of The Chief, these reluctant heroes will find themselves in a place they never expected to be, called to action by none other than Cyborg (series star Joivan Wade), who comes to them with a mission hard to refuse.
